Fuller lashes with eyelash serum Prolash Eyegrowth serum. After years of research, it is finally proven that eyelashes (like carpets, french fries and hair) is better with a little volume on them.

Prolash Eyegrowth Serum is a transparent, vitamin and protein-rich serum that contains moisturizing and rejuvenating ingredients. The growth of new lashes growing and you will find that your existing lashes less brittle and may be increased luster. By applying 2-3 times a day repairs and helps prevent damage to your eyelashes and eyebrows. After only 7 days you will see changes but it is recommended that you use the serum for 4-6 weeks for maximum effect.

To do this:

- * Wash your eye makeup before applying, be sure that your skin is dry.
- * Put only one line as a "liner" on the skin along the eyelash root (morning and evening).
- * Use morning and evening the first month, then you can scale down the use.
